# THE BEST VEHICLE TO CRUISE INTO A SUCCESSFUL BUSINESS

Independent Consultant, National Vice President

A picture may paint a thousand words, but that is not nearly enough to describe how much Arbonne has enriched my life and that of my family. With Arbonne, we have been able to increase our income while creating more time and freedom to travel as a family, especially to our children's AAU track meets. Arbonne has enabled us to take the most fantastic vacations. My boys flew on their very first airplane ride to Club Med Ixtapa on one of many amazing Arbonne trips that I was able to earn. I have also traveled to France, Maui, Honolulu, the Bahamas, the Caribbean, Toronto and many exciting U.S. destinations. On those travels, I have sailed on private yachts, sunned on private beaches, dined on the best foods, sipped the best wines and champagnes that Europe has to offer, and even met the Prince of Monaco. Most of this was made possible with my family right there beside me ... the best company anyone could ever hope to travel with. Because of Arbonne, I have been able to satisfy my deepest desire for travel and fulfill my wildest dreams of worldwide adventure. I so appreciate the fact that Arbonne regards the family unit with such importance and allows us to earn trips for our families also. If anyone enjoys travel and adventure, no other company does it better than Arbonne!

Nine years ago, I was introduced to Arbonne. I had just given birth to my third child and was running my own modeling and talent agency, Advantage Models & Talent. Life was good. One of my best friends, Teresa Epps, told me about Arbonne and its benefits to my present situation. Since I needed my models to have "picture perfect" skin, I signed up. I loved the product but had no idea what I had gotten myself into. Actually, I did not even realize I had promoted to District Manager in the process! I was simply content with selling the fabulous products.

Fortunately, I did catch the Arbonne vision and began to purposely work the network marketing side of the business. To be honest, during the first four years, my biggest inspiration was to win a cruise. Not only did I earn the cruise for my husband and myself but in the process actually completed the first step toward RVP! That is why I find it ironic that I achieved NVP qualification while working to earn the 2002 Cruise!

Arbonne means much more to me than just exotic trips and lots of fun times. As a company, it is the greatest vehicle to potential financial security. According to network marketing experts, if you choose a reputable network marketing company with consumable products which are fairly priced, and you work that business regularly for 10 years, you will make it to the top level of the company. I read that about five years ago and said to myself, "Well, I guess I will be an NVP by the time Joshua is 10!" At the time, I did not believe that statement to be accurate, but in my case it absolutely was. Many people

make it to the top much faster, but I have managed to home-school three kids, run a nationally recognized, award-winning modeling and talent agency, see most of the athletic events my children participate in (and there have been a lot!) and still grow my Arbonne business to the top level. I am living proof that network marketing works and that Arbonne is the finest network marketing company of all! Believe me, I am not an NVP because of some "secret formula" but because the Arbonne system works and the products are the best around.

When Teresa Epps introduced me to Arbonne, I was not looking for a new business or any kind of professional recognition. God had already enabled me to fulfill my childhood dreams of television, modeling and pageants. I had my handsome husband and precious, healthy children, Philipa, Benjamin and Joshua. I loved my job of changing people's lives through the modeling classes I offered; essentially, taking ugly ducklings and transforming them into beautiful swans. I really was not looking for anything else to do. But I am so fortunate to have discovered the Arbonne opportunity. It has enriched my life in ways I never imagined it could. In addition, I get to help more people become beautiful and confident. But to top it all off, I get to spend even more time with my family.

Arbonne has truly enriched our family in so many ways: From the lasting friendships forged, to the amazing travel adventures offered, to the financial freedom secured and even through the future benefits for my children. As a home-school mom, I have been able to show my children that it does not require an institutionally-issued diploma, large start-up

capital and hours of training to operate a successful business. Anyone can be successful, travel the world first-class, have adventures with good-hearted friends, and achieve financial peace with an Arbonne Starter Kit and a commitment to work hard. Diplomas are great, but an Arbonne Starter Kit is a proven survival kit.

Working and playing in equal parts has always been the balance I needed in my life. My Arbonne team has a reputation of being a party group. We have jumped onstage several times to start dancing and celebrating. I admire my team for their zest for life. I love their spirit of adventure and fun, their eagerness to be the best they can be and their unwavering commitment to Arbonne. I have often said, "I may not be the best, but I know people who are and I network with them!" That is why my team is made up of such amazing people. I sponsored up! I am so proud of them all. They are beautiful, hardworking people who deserve all the success in the world. With Arbonne, they will achieve it, too.

Thank you new RVP, Linda Loveless. We had so much fun at the Ace Awards dinners. You will make a beautiful and conscientious RVP! AM Doreen Crow, thanks for all the fabulous Texas hospitality and your caring, sweet spirit. I will always cherish our Arbonne power walks. You will soon be an RVP and what a lovely, first-class edition to the team it will be! AM Tonia Horne, you are so persistent and yet polite. No sane
